

CEEPIC

Canadian Energy Explorers & Producers Investment Conference

Tuesday, October 25 - Toronto- Albany Club

The Fall Canadian Energy Explorers And Producers Investment Conference (CEEPIC).

We are pleased to announce the Fall Canadian Energy Explorers and Producers Investment Conference (CEEPIC). Created to replace the former COPIC conferences that represented a cornerstone of the sector for over 25 years, CEEPIC will continue the best practices while introducing progressive unique elements designed to expand investor interest, engagement and participation.

Created and Managed by former executives of Oil and Gas focused conferences, the combined experience of the team in the field totals over 30 years and dozens of O&G related conferences.

About the Management

Jamie Sellers has managed conferences as President of Rapport since 2004. He has built an extensive following among brokers and analysts. He holds the CFA and has experience and contacts in Canada's investment management industry.

Gordon Aldcorn has been in the investment and investor relations industry for over 20 years, bringing brokerage and stock exchange experience to help public companies make an impact with the investment community.
